---

### 2.1 General

In their interpretation and application, the provisions of this By-law shall be held to be the minimum requirement adopted for the promotion of the public health, safety, convenience or general welfare. Whenever the requirements of this By-law are at variance with the requirements of any other By-law, the most restrictive, or the By-law imposing the higher standards, shall govern and apply. Nothing in this By-law shall be construed to exempt any person from complying with the requirements of any other By-law of the Planning Board or from any law of the Province of Ontario or of Canada.

### 2.2 Certain Words

In this By-law, words used in the present tense include future; and the word “used” includes “arranged, designed or intended to be used”; the word “shall” is mandatory and not discretionary.

Unless the context clearly indicates the contrary, where a regulation involves two or more items, conditions, provisions or events connected by the conjunction “and”, “or”, or “either-or”, the conjunction shall be interpreted as follows:

2. “or” indicates that the connected items, conditions, provisions or events may apply single or in combination; and
3. “either-or” indicates that the connected items, conditions, provisions or events shall apply single but not in combination.

### 2.3 Interpretation of Similar Permitted Uses

Uses other than those hereinafter specifically mentioned as uses in each of the zones, may be permitted therein, provided such uses are similar to those specifically mentioned and are, in the opinion of the Manitoulin Planning Board, not more obnoxious or detrimental to the welfare of the community, than the permitted uses specifically mentioned in the respective zone.

### 2.4 Technical Revisions

Revisions may be made to this by-law without the need for a zoning by-law amendment in the following cases:

1. correction of grammar, punctuation or typographical errors, or revisions to format in a manner that does not change the intent of a provision;
2. adding or revising technical information on maps or schedules that does not affect the zoning of lands including, but not limited to, matters such as updating and correcting infrastructure information, keys, legends, or title blocks; and
3. changes to appendices, footnotes, headings, indices, marginal notes, tables of contents, illustrations, historical or reference information, page numbering, footers, and headers, which do not form a part of this by-law and are editorially inserted for convenience of reference only.
